

Drink responsibly. 40% ABV.

Brandy Solera Gran Reserva with a very careful taste and elaboration. Aged through the traditional Criaderas and Solera System, typical of Jerez, in casks which have previously contained sherry wines for many years, giving it exclusive nuances.

Size: 70cl.

Intense amber color with golden tones.

Round, strong with aromas of wood seasoned with Sherry after a long ageing period.

Balanced, full, complex and smooth in the mouth, with a pleasant persistence.

Our recommendation

- **Best enjoyed:** as a drink at the end of a special meal, on its own, in a cocktail or mixed with soft drinks.
- **Serving temperature:** cool, between 10-15°C.
- **Recommended storage:** dry place at room temperature.
- **Pairing:** perfect with nuts, pastries and spicy foods.
